

Communication Assessment

Candidate instructions

Please read these instructions carefully before beginning. This assessment evaluates your reading, listening, speaking and writing skills.

Before you begin

- Complete the assessment in one sitting, before the stated deadline.
- Use a laptop or desktop with a working camera, microphone and speaker or headphones.
- Ensure you have a stable internet connection and that your device is charged or connected to power.
- Choose a quiet, well-lit location. Your face must remain clearly visible to the camera.
- Allow camera and microphone permissions when requested.

What to expect

The assessment may include reading aloud, listening questions, video responses, written responses, dictation, sentence completion and sentence-building activities. Follow the on-screen instructions for each section carefully.

Do

- Speak clearly and naturally during recorded tasks.
- Read every question fully before answering.
- Use correct grammar, spelling, punctuation and professional language in written responses.
- Remain in full-screen mode and keep your face visible throughout.
- Manage your time carefully; timers may apply to questions or sections.
- Review responses where the platform permits it, then submit when all sections are complete.

Do not

- Switch tabs, exit full-screen mode or open other applications.
- Copy, paste, right-click, take screenshots or make screen recordings.
- Use notes, websites, AI tools, translators, search engines or help from another person.
- Use a mobile phone or any other device during the assessment.
- Leave your seat or move out of camera view.
- Refresh, close or restart the browser after the assessment begins.

Important

- Your activity may be monitored to maintain assessment integrity.

- Repeated violations, leaving full-screen mode or using prohibited resources may lead to automatic submission or disqualification.
- Once an answer or section is submitted, you may not be able to return to it.
- If you experience a genuine technical issue before starting, contact the assessment coordinator immediately. Do not try to resolve it by refreshing the page or changing devices after you have started.
